Protector of the Small Quartet (First Test, Page, Squire, Lady Knight) By Tamora Pierce

In the realm of Tortall, women are finally legally allowed to train for knighthood. Keladry (Kel) is determined to be the first official female knight. As the only girl in the entire training program, Kel faces many challenges. In this book, she is put on a year of probation by her training master, Wyldon of Cavall. She bitterly resents this, but is determined to prove to him that she's as good as any boy. The second Protector book details Kel's remaining years as a page. She struggles to understand her changing body and opinions. For example, her first menstruation period arrives and she develops a crush on her best friend Neal. With the help of her very reserved maidservant, Lalasa, Kel manages to surmount all the challenges that nature throws at her. The third Protector book describes Kel's next four years in training. Her new knight-master, Raoul of GoldenLake and Malorie's Peak and Commander of the King's Own, is as different from her original master, Lord Wyldon, as a man could be. He introduces Kel to a new way of life, one that's as much fun as it is challenging. The last book in the series describes Kel's first appearance as a Knight of the Realm. War with the neighboring country of Scanra is declared at last, and Kel finds herself in charge of a refugee camp. Her district commander, Lord Wyldon, has chosen not to place her in control of a border post or a portion of the army like the other knights, so she's certain that he wishes to keep her-who, as a woman, he views as inferior in combat to males-out of fighting. However, it is revealed that she was chosen for her post because she is the only knight Wyldon knows who wouldn't discriminate those not of nobility. Kel soon comes to realize that these refugees, torn from their homes, robbed of their wealth and self-respect, are her responsibility. She is able to be a hero, even outside of the battlefield.
