Wanted By Emlyn Rees

Danny Shanklin is the world's most wanted man.

Hunted by nine international intelligence agencies for a terrorist atrocity he did not commit, he's now trapped in a deadly race against the clock to protect his life, his family, and the world from the people responsible—people intent on true destruction. For though they framed him, these terrorists are really after a much bigger target: six lethal smallpox formulations, any one of which could trigger a global pandemic, leaving only one in three people alive.

With the help of a Ukrainian mercenary and a ruthless female assassin, Danny soon finds himself forced into the roles of both predator and prey—as he tries desperately to win the fight of his life.
