Witchcraft: Theory and Practice By Ly de Angeles

Are you ready to open yourself to the divine powers in order to bring beauty into your life, happiness to your heart, and strength to your will? Then you'll want to get *Witchcraft: Theory and Practice* by Ly de Angeles. With more than three decades of experience she has learned how to bring the teachings alive, combining modern with ancient, so you can better understand the true potential and depth of Witchcraft.

Within the pages of this book you will find the secrets and techniques to become a Witch. These can be divided into three categories: philosophical disciplines, spiritual beliefs, and practical techniques. Each part gets a focus in this book.

In the first section, you will:

- Learn meditation and how it can be used for ritual
- Discover the secrets of visualization, telepathy, and personal power
- Use the self-analysis techniques to discover who you are and never walk in anyone's shadow

In the second section you can:

- Uncover the essence of the God and Goddess
- Discover the festivals of Witchcraft
- Learn how to make and use the tools of Witchcraft
- Understand how to do rituals, including the rite of self-initiation

And in the final section, you'll:

- Practice psychic protection, shapeshifting, and banishing
- Master astral projection
- Learn to interpret omens

This really just barely covers some of the information you will find revealed in these pages. Written in a style that is clear and concise, this book will add to your knowledge of Witchcraft. Whether you are new to the Craft or have been practicing for some time, *Witchcraft: Theory and Practice* will impart wisdom that will fascinate and entice. You will be using this book for many years to come.

Editorial Review

From the Publisher

Witchcraft: Theory and Practice by Ly de Angeles is one of the most complete and fulfilling books on Witchcraft today.

The book is very comprehensive, but I wanted specifically to use the word "fulfilling." This is because the author ó who has been an initiated High Priestess for almost three decades ó knows how to present the information in a way that stirs the blood and makes Witchcraft a powerful system that you'll want to practice. Look at what the author has to say about visualization:

"Proficiency at visualization is most important to all occult training. I have encountered only one or two people in all the years that I have been teaching who were unable to visualize. However, they had the ability to conceptualize with similarly accurate results..."

"Without the ability to visualize, projecting into the astral realms is almost impossible (at least consciously...). The ability to visualize is integral to spellcrafting and can lead to dramatic changes and accomplishments..."

This makes it very clear that visualization is vitally important in all aspects of the occult and, more important, that you can do it! She goes on to give five exercises to bring your visualization abilities to a high level.

This is continued throughout the book: information you can use, encouragement for inevitable success, and numerous magical and spiritual practices and techniques. Combine that with a complete explanation of the festivals of Witchcraft, how to do rituals, use the spells, perform a self-initiation, contact the God and the Goddess, and you have one of the most important books on Witchcraft ever!

From the Back Cover

A witch, like the Earth, can be both immeasurably ancient and forever young

A witch realizes certain powers...represents, rather than worships them...invokes them; fuses with them, emotes and lives them; recognizes them in the vast forces of nature and beyond.

This comprehensive manual sets forth the tenets of Witchcraft, and explains in depth why and how magic works. It includes tried and true methods for developing the magical will, along with religious training, ritual observances, and spellcrafting techniques. *Witchcraft: Theory and Practice* also:

- Describes unique practices such as fith-fathing, fetching, shapeshifting, and glamouring
- Tells how to identify and interpret omens and portents
- Includes instructions on astral travel, cleansings, banishings, and how to make something invisible
- Offers a guided ritual for self-initiation

All things come full circle -- reclaim the ancient power that sings within your blood through sacred ritual to the Earth and Moon and Sun and Stars.

About the Author

Ly (pronounced lí) **de Angeles** was first published in 1987, and she has had six books released worldwide to date. She has an international reputation as a psychic, teaches and lectures on many associated subjects, is an exponent of several martial arts and, currently, is an accredited Sensei in the art of Iaido, the Japanese art of the sword.

Ly's main area of study over the past twenty years has been the history of the usurpation of indigenous people through invasion and subsequent colonization (mainly since the Roman Empire) and the history and mythology of Ireland and Britain in particular. She is known to be very outspoken on matters pertaining to the sustainability and guardianship of Earth and the rights of all species to self-determination.

Ly has three adult children and a strong magical clan. She has lived in Byron Bay, Australia for the past 14 years. An initiated witch for over thirty years, she is High Priestess of the Coven of WildWood Gate.
