Editorial Review

From Library Journal

Unfortunately for Krentz's characters, Molly Abberwick and Harry Trevelyan, narrator Rachel York lacks the vocal expression necessary to overcome the inadequate abridgment of this recording of the author's latest romantic novel. Molly, trustee of a scientific foundation, frustrates the quirky romantic overtures of her top consultant, Harry. But not for long. The abridgment focuses narrowly on Molly and Harry's romance, so the personality quirks and additional characters that make Krentz's stories (e.g., *Grand Passion*, *Audio Reviews*, *LJ* 4/1/94) so endearing have been lopped off. Additionally, there are numerous plot gaps wherein minor players influence critical plot turns with little or no explanation. York has a tendency to overdramatize both the narration and the dialog. The central, unvarnished story is simply not interesting enough to hold the listener's attention. Large public libraries may consider purchasing to meet demand; others should pass. *?Jodi L. From Booklist

Krentz has "absolutely, positively" produced another best-seller for her adoring readers to devour. In typical Krentz fashion, she pairs Molly Abberwick, trustee of a foundation for inventors, with Harry Trevelyan, a scientist and consultant for the foundation. Amid the doings of the usual quirky family members and other secondary characters, Molly becomes the target of a vicious prankster and Harry rushes to discover the identity of her tormentor. As Molly and Harry work to balance their business and personal relationships, family pressures threaten to destroy their chance for happiness. Krentz's flair for creating strong interpersonal relationships among her characters strengthens a novel with a tried (and tired) plot. Avid readers of Krentz will begin to foretell the ending (capture of the bad guy, resolution of family feud, etc.) within a few chapters, but the novel is sure to be in high demand in public libraries, so prepare accordingly. *Melanie Duncan*

Review

Molly Abberwick and Dr. Harry Stratton Trevelyan have absolutely, positively nothing in common. As trustee to her father's scientific foundation and owner of Abberwick Tea & Spice Company, Molly calls the shots. But her new consultant, Harry, shoots down every new invention submitted to the scientific foundation. They seem to clash at every opportunity and Molly is ready to do something about it. Just when she intends to fire this irritating man, Harry turns the tables on her and proposes... an affair! Once burned, twice shy, Harry has no intention of falling in love. But he can't get Molly off his mind so he decides that what he needs is an affair. No fuss, no mess, just a simple fling with a beautiful woman. Easy? Not hardly. There's more to Harry than meets the eye. He may prefer logic over emotion, but Harry has a side to him that he doesn't want to reveal. He is determined to protect his secrets, but where Molly is concerned, Harry isn't always rational. For a man who isn't looking for love, Harry certainly seems to have found it. Molly is intrigued by Harry's other side, which includes a carnival family and paranormal premonitions. Though he wants to deny that part of him, it is his mysterious quality that draws Molly to him. When a sinister prank threatens Molly, it is Harry who is by her side. And as the pranks escalate and someone threatens Molly, it is Harry that protects her. As these two unlikely characters fall in love and face the danger around them, one thing is certain. They were absolutely, positively meant to be together! A quirky, endearing couple and a passionate, witty plot! Jayne Ann Krentz once again proves herself to be one of romance's finest talents! *Absolutely, Positively* wraps around your heart and refuses to let go! Ms. Krentz knows how to write a love story that is both memorable and exceptional! This is romance at its very finest! Nobody does it better than the gifted Jayne Ann Krentz! Romance, humor and a hint of danger-- this book has it all! It is *Absolutely,*
