Brains & Brawn (Book 1) : The David and Daniel Series: Stranded (Passion Paradox: David and Daniel) By D A Mackey

Voted Best Gay Male Author of 2015 by the readers of Literotica

The semi true story of a Southern High School popular boy and a nerdy Valedictorian who discovered that sometimes, “happily ever after” can come when you least expect it ... and WITH someone you’d never have guessed.

Fall in love with David & Daniel

In the first book...

David, a somewhat typical nerd, finds himself rooming with Daniel, a never typical jock, on the eve of his 18th birthday. Their trip to Boston for Regional Speech and Debate Finals is cancelled by a freak snow storm. They have an

evening to waste in the Holiday Inn.

Things quickly take a turn when a shirtless Daniel surprises the unwitting David with his nightly routine.

Before long, questions are asked. Hormones are flying.

Neither boy knows what stepping over that line might mean ...

Will they decide to cross it... **together?**

Read the expanded story that so many fell in love with!

“This book is definitely a sizzler, and for those who have read DA Mackey's "David and Daniel" series on Literotica, each chapter sticks in one's mind the next day -- mind candy to savor and enjoy again and again. Trust me, Daniel and especially David become real characters, endearing and loved.”
