## Electrical Wiring Residential By Ray C. Mullin, Phil Simmons

Delivering the very latest in industry standards and procedures, longtime market leader ELECTRICAL WIRING RESIDENTIAL, 18e continues to provide comprehensive, authoritative coverage that fully implements the 2014 National Electrical Code. The book's signature three-part organization thoroughly covers Code, Electrical Knowledge, and Applications. Extremely reader friendly, it offers detailed--but not overly technical--explanations as it guides you step by step through the critical tasks and responsibilities that face today's professional residential electricians in both new construction and existing homes. Vivid illustrations are fully coordinated with the latest NEC regulations and provide further clarity. In addition, foldout plans at the back of the book give you hands-on practice applying Code requirements.

Sheet 10 of 10 Code Requirements for Swimming Pool Wiring. Blank Floor Plan First Floor. Blank Floor Plan Basement.

### **About the Author**

Ray C. Mullin is a former electrical instructor for the Wisconsin Schools of Vocational, Technical, and Adult Education. Prior to his retirement, he served as district manager, regional manager, regional vice president, and ultimately director technical liaison for a major electrical manufacturer. He also served on the National Fire Protection Association (NFPA) Code Making Panel 4 of the National Electrical Code. A former journeyman and supervisor for residential, commercial, and industrial installations, he has taught electrical apprentice and journeyman courses, conducted numerous technical and code seminars, written many articles for electrical trade publications, and consulted for electrical equipment manufacturers on legal issues. A former member of the Executive Board of the Western Section of the International Association of Electrical Inspectors, he is a member of the Institute of Electrical and Electronic Engineers and NFPA, Electrical Section. He attended the University of Wisconsin, Milwaukee School of Engineering, and Colorado State University.

Phil Simmons is the founder of Simmons Electrical Services, where he consults on the National Electrical Code (NEC) and other codes. Mr. Simmons also writes, edits, illustrates, and produces technical

publications, and provides plan review of electrical construction documents and inspection of complex electrical installations. In addition to developing training programs related to electrical codes and safety, he has presented on these subjects at numerous seminars and conferences for universities, the National Fire Protection Association (NFPA), the International Association of Electrical Inspectors (IAEI), the U.S. Department of Defense, and private clients. He has also consulted on lawsuits involving electrical injury and property damage and is the co-author and illustrator of numerous textbooks on electrical topics. Mr. Simmons serves NFPA on Code Making Panel 5 of the NEC Committee (grounding and bonding), and he previously served on several other Code Making Panels, on the NFPA Standards Council, the NEC Technical Correlating Committee, the IAEI, and Underwriters Laboratories. He is a retired member of the International Brotherhood of Electrical Workers.

## Users Review

### From reader reviews:

#### Frank Monroe:

The book Electrical Wiring Residential give you a sense of feeling enjoy for your spare time. You can use to make your capable much more increase. Book can for being your best friend when you getting strain or having big problem using your subject. If you can make reading a book Electrical Wiring Residential to get your habit, you can get more advantages, like add your personal capable, increase your knowledge about a number of or all subjects. You could know everything if you like open up and read a publication Electrical Wiring Residential. Kinds of book are a lot of. It means that, science e-book or encyclopedia or others.
