Editorial Review

Review

"Berila boldly demonstrates that contemplative practices are powerful methods to respond to systemic oppression, internalized oppression, and privilege. She carefully describes the ways that embodiment, mindfulness, and deep listening create the possibility of wholesome, transformative connection. From the detailed examples, to insightful cautionary notes, this book provides an amazing guide to the possibility of a true anti-oppression pedagogy based on contemplative approaches."

--Daniel Barbezat, Professor of Economics, Amherst College
