## Making Millions: A 500-year-old Kabbalist's Guide to Conquering Chance

By Anonymous

Numbers are the ruler of forms and ideas, and the cause of gods and daemons.” –PYTHAGORAS Can Sacred Numerology Really Earn You Money? MAKING MILLIONS: A 500-YEAR-OLD KABBALIST’S GUIDE TO CONQUERING CHANCE is the translation of an anonymous book apparently written to assist readers while selecting numbers that are likely to emerge in lottery drawings worldwide. Some methods were passed down by Heinrich Cornelius Agrippa (1486-1535) and Giovanni Pico della Mirandola (1463-1494). Others came from astrologers and alchemists like Rutilio Benincasa (1555-1626), and Zarathustra (c. 660-583 B.C.E.), while some are credited to sibyls, who were said to preside over oracles at such places as Delphi and Dardania in Greece, and Erythrae in Ionia. Alongside the translations are lengthy notes and supplementary information provided by the translator to facilitate readers’ understanding. This first English-language translation (of an exceptionally rare text) will appeal to anyone who plays the lottery, and to anyone who is interested in numerology or ancient religious practices.
