Editorial Review

Review

The beauty of Garman's story lies in its unwavering honesty, both between characters and in its unflinching portrayal of the loves and losses that define a life. This is not a traditional romance by any means and Garman's characters must learn to endure the heartache and pain of reality, as well as the joy of finding their soul mate. The bittersweet ending will continue to resonate long after the final page has turned.

Thank you for taking a chance. This book is very special to me. Enjoy!

From the Back Cover

Lying in bed with our arms and legs entangled, I closed my eyes. Kai rested his chin on my breastbone. It was dark, and the curtains were pulled back to reveal the face of the moon.

I traced his ear with my finger. "My thoughts and feelings, they're all of you. I'm sad for what I've lost, but knowing I have you makes it bearable--so bearable." I kissed him. "I think we are what ballads are written of, what bards sing of. We are epic, you and I." I sat up and put on a shirt over my naked body.

"What are you doing?"

"Come with me." Holding hands, we walked into the intoxicating evening. Countless stars hung in the net of the endless universe. I picked out Orion, wondering what it would be like to be forever in the sky, watching, waiting.

Kai pulled me into his arms and I placed a hand on his heart, my face in the crook of his neck.

"You remind me of this poem I read once," he whispered.

The smell of him was in my nose, my brain smoky with comfort and peace.

"How familiar are you with Yeats?"

"A little."

He told me about "The Song of Wandering Aengus". It was about a man who had caught a silver trout that turned into a beautiful woman. She disappeared, and he spent the rest of his life wandering the hills in search of her.

"That will not be us," I said when he finished. "I will not leave you in the night, and you will not have to look for me."

"It was dark for so long, Sage, but you're my light."
