### **Editorial Review**

From Library Journal

A similarly formatted follow-up to his successful "fantasy" encyclopedias, *The Encyclopedia of Supervillains* (LJ 10/15/87) and *The Encyclopedia of Superheroes*. Listed are more than 1000 nasty things, drawn from mythology, TV shows, movies, comic books, even toys, with information on each (like what it is: robot, slime, giant bug, etc.), a "biography," and personal data. Although the volume is unnervingly complete, there are omissions: the Gamma People, Brainiac, and a couple of critters from *The Outer Limits*. This is useful, vital stuff for the fan and a lot of fun to read (I never knew Caltiki was a female giant amoeba.)-- David Bartholomew, NYPL
