### H2O By Virginia Bergin

.27 is a number Ruby hates.

It's a number that marks the percentage of the population that has survived. It's a number that means she's one of the "lucky" few still standing. And it's a number that says her father is probably dead.

Against all odds, Ruby has survived the catastrophic onset of the killer rain. Two weeks after the radio started broadcasting the warning, "It's in the rain. It's fatal and there's no cure," the drinkable water is running out. Ruby's left with two options: persevere on her own, or embark on a treacherous journey across the country to find her father—if he's even still alive.

### Editorial Review

From School Library Journal

Gr 6 Up—How hard could it possibly be to avoid the rain? According to the account of Ruby Morris, it's a lot harder than one might think: Ruby hails from the wet and dreary United Kingdom. After an imminent meteor strike is avoided, events lead to an alien bacterium-laced rain that is fatal and contagious. Stranded and devoid of any parental guidance, Ruby must cross vast distances and make choices even when no right answer exists. The first-person narrative allows for a unique perspective. The story and language will provide readers with an international scope and convey the tragic impact of the apocalyptic events. Young teens will find the protagonist entertaining and relatable. The beauty of the text lies in Bergin's ability to realistically explore the horrors of the world she's created. Attention to detail, coupled with a very strong main character, will draw readers in and make them think twice about leaving the house—at least not before checking the sky for signs of rain.—Chad Lane, Easton Elementary, Wye Mills, MD

Review

"Attention to detail, coupled with a very strong main character, will draw readers in and make them think twice about leaving the house—at least not before checking the sky for signs of rain." - School Library Journal

"The diary-style narration emphasizes Ruby's distinctly teenage response to society's end and her strong, spontaneous voice lends a touch of dark comedy to the post-apocalyptic doom and gloom... watching Ruby draw strength from her ability to tell her own story is as inspiring as it is harrowing" - The Horn Book Magazine

"A gripping concept... Ruby's narrative voice is exceptional." - The Bulletin

"This entry in the teen dystopian genre brings life and humor to an otherwise dark situation... a great, high-interest read for contemporary teens." - VOYA

About the Author

Virginia Bergin works as a writer for TV, eLearning, and corporate projects. Most recently, she has been working in online education, creating interactive courses for The Open University. She lives in Bristol, England.

### Users Review

From reader reviews:

**Diana Elliott:**

The knowledge that you get from H2O could be the more deep you searching the information that hide within the words the more you get interested in reading it. It doesn't mean that this book is hard to comprehend but H2O giving you excitement feeling of reading. The writer conveys their point in certain way that can be understood through anyone who read it because the author of this publication is well-known enough. This book also makes your vocabulary increase well. Making it easy to understand then can go with you, both in printed or e-book style are available. We propose you for having this H2O instantly.

**Charlsie Sprouse:**

Your reading sixth sense will not betray a person, why because this H2O reserve written by well-known writer we are excited for well how to make book that can be understand by anyone who have read the book. Written in good manner for you, dripping every ideas and writing skill only for eliminate your own hunger then you still uncertainty H2O as good book not merely by the cover but also by content. This is one e-book that can break don't determine book by its include, so do you still needing a different sixth sense to pick this particular!? Oh come on your reading sixth sense already told you so why you have to listening to another sixth sense.

**Nicole Montes:**

This H2O is great publication for you because the content that is certainly full of information for you who also always deal with world and also have to make decision every minute. This specific book reveal it info accurately using great organize word or we can point out no rambling sentences inside it. So if you are read the item hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but difficult core information with attractive delivering sentences. Having H2O in your hand like having the world in your arm, info in it is not ridiculous one. We can say that no publication that offer you world throughout ten or fifteen minute right but this publication already do that. So , this is good reading book. Hi Mr. and Mrs. busy do you still doubt that?

**Cheryl Lopez:**

Reading a book to get new life style in this yr; every people loves to go through a book. When you study a book you can get a wide range of benefit. When you read ebooks, you can improve your knowledge, because book has a lot of information on it. The information that you will get depend on what types of book that you have read. In order to get information about your analysis, you can read education books, but if you act like you want to entertain yourself look for a fiction books, this sort of us novel, comics, and soon. The H2O offer you a new experience in examining a book.
