### **Review**

With Hybrid Picking For Guitar, Gustavo Assis-Brasil has created a hugely valuable resource, in terms of expanding both one's technique and vocabulary. Also, the studies at the end of the book are beautiful pieces in their own right. I highly recommend it. --BEN MONDER, jazz guitarist

(...) Gustavo Assis-Brasil has a unique way of demystifying hybrid picking (...) he introduces musical examples that would have seemed impossible to play before starting to work with the book. (...) Hybrid Picking For Guitar is engaging, informative and great fun to use. (...) After only a short amount of time working with Hybrid Picking For Guitar one gains the desire to keep practicing and develop this incredibly useful technique. The study periods will be well rewarded, because learning hybrid picking inspires creativity and offers new opportunities for discovery and self-expression. --ALL ABOUT JAZZ.COM, By Ben McDonnell

I am very impressed! The compositions are very deep and the technical tips for playing with pick and fingers are very practical and creative. The book is a much-needed text on the topic. It is exhaustive without being pedantic. Congratulations! It's excellent! --SCOTT MCGILL (McGill/Manring/Stevens)
