Political Terrorism: An Interdisciplinary Approach By Jeffrey Ian Ross

The salient feature of this book is its comprehensive but concise approach to the field of terrorism – particularly its causes and effects – and the application of this information to selected case studies. *Political Terrorism: An Interdisciplinary Approach* is easy to read and designed to answer common questions asked by undergraduate and graduate students without prior exposure to the study of terrorism. This book is accessible to practitioners (those individuals working, or aspiring to work, in the fields of criminal justice and national security) and policymakers in the counterterrorism field as well as members of the mass media covering stories on terrorism.

Political Terrorism is sensitive to the global ramifications of terrorism and the responses to it. This book maintains a balance between realism and sensationalism and offers a more comprehensive understanding of the causes and effects of terrorism than do most other texts. *Political Terrorism* integrates scholarly analysis with current events by relying on recent media accounts and information gathered by responsible news outlets. The text features end-of-chapter questions as well as «exhibit» boxes that provide background details on items of interest to students and instructors.

Editorial Review

Review

«A lack of theoretical underpinning has hampered terrorism research for over a quarter century. 'Political Terrorism' provides a comprehensive, interdisciplinary framework from which to examine the etiology of terrorism and its effect upon our daily lives. With this work, teaching students about terrorism finally moves beyond a recapitulation of incidents and groups to an attempt to get students to think critically about the causes of terrorism and the effects of government intervention. Political Terrorism should be required reading among students of terrorism and those of us struggling to teach others about this phenomenon.»

(Brent Smith, Professor, Criminal Justice, University of Arkansas)

«Jeffrey Ian Ross has written a textbook that stands out among the thicket of recent classroom tomes on the topic. Unlike so much of what is available, Ross eschews the military/security perspective on the topic in favor of a presentation of the scholarly research on the terror. Separate chapters on conceptualization, historical patterns, causes, and effects precede several case studies and a series of topical chapters. The topics are chosen with care and the theories introduced earlier guide the presentation. Faculty teaching courses on terrorism will find this a very useful volume for their students.» (Will H. Moore, Professor, Political Science, Florida State University)

About the Author

Jeffrey Ian Ross, Ph.D. has researched, written, and lectured on national security, political violence, political crime, violent crime, corrections, and policing for over two decades. He is the author, co-author, editor, and co-editor of several books including *The Dynamics of Political Crime* (2002), *Controlling State Crime* (2000), and *Varieties of State Crime and Its Control* (2000). In 1986, Dr. Ross was the lead expert witness for the Canadian Senate's Special Committee on Terrorism and Public Safety. He created the first database on terrorism in Canada, which was later acquired by the Solicitor General of Canada. From 1995 to 1998, Ross was a social science analyst with the National Institute of Justice, a division of the U.S. Department of Justice.

Users Review

From reader reviews:

Louise Graham:

The book Political Terrorism: An Interdisciplinary Approach can give more knowledge and information about everything you want. So just why must we leave the good thing like a book Political Terrorism: An Interdisciplinary Approach? Wide variety you have a different opinion about guide. But one aim which book can give many information for us. It is absolutely appropriate. Right now, try to closer with your book. Knowledge or details that you take for that, you may give for each other; you can share all of these. Book Political Terrorism: An Interdisciplinary Approach has simple shape but you know: it has great and big function for you. You can look the enormous world by start and read a e-book. So it is very wonderful.

Cynthia Caron:

The experience that you get from Political Terrorism: An Interdisciplinary Approach could be the more deep you rooting the information that hide within the words the more you get serious about reading it. It doesn't mean that this book is hard to know but Political Terrorism: An Interdisciplinary Approach giving you buzz feeling of reading.
