Silver Wolf Clan By Tera Shanley

Silver Wolf Clan, #1

Loving him will be legendary...if she can survive it.

What happens when monsters turn out to be real? One summer night while camping in the woods, Morgan Carter finds out in a big way. A tall mysterious stranger, Greyson Crawford, risks his life to try and save her sister from the vicious wolf attacking their camp. When he's bitten and disappears into the night, Morgan can only assume the worst.

Greyson shows up a year later, and he's a different animal altogether. His eye color shifts constantly and the rumble in his throat sounds more animal than human. She hasn't any idea where he's been all this time, but a good guess as to what he's become.

Grey is determined not to let the darkness of his new existence affect Morgan and the little girl in her care. He hasn't been able to stop thinking about Morgan but knows he should stay away and let her live a normal life. That's easier said than done, though. A new danger pulls him from the shadows to keep her safe, and he's no wolf in sheep's clothing.

Can she accept what lurks just below his surface? More importantly, can she survive him?
