Transformational Grammar: A First Course (Cambridge Textbooks in Linguistics) By Andrew Radford

Andrew Radford's new textbook is principally for students with little or no background in syntax who need a lively and up-to-date introduction to contemporary work on transformational grammar. It covers four main topics - the goals of linguistic theory, syntactic structure, the nature and role of the lexicon, and the function of transformations and the principles governing their application. The framework takes into account the major works such as Chomsky's *Knowledge of Language* and *Barriers* written since the publication of Radford's widely acclaimed *Transformational Syntax* in 1981. Not only does the present book use a more recent theoretical framework, but at the descriptive level it covers a wider range of constructions and rules than its predecessor. Andrew Radford is well known for his effective pedagogical approach, and in this book even more care has been devoted to providing a sympathetic and non-technical introduction to the field. At the end of each chapter are exercises which reinforce the text, enable students to apply the various concepts, etc. discussed, or encourage them to look more critically at some of the assumptions and analyses presented. The book also has a detailed bibliographical background section and an extensive bibliography which will be a useful source of reference to the primary literature. Although intended principally as a coursebook for students of syntax or English grammar, *Transformational Grammar* will be invaluable to any reader who needs a straightforward and comprehensive introduction to the latest developments in this field.

Editorial Review

Review

"...it deserves full recognition for its clarity and excellent layout. ...this appears to be one of the pedagogically soundest introductions to transformational grammar on the market, and we can but recommend it." The Journal of Indo-European Studies

About the Author

Andrew Radford is Professor of Linguistics at the University of Essex.

Users Review

From reader reviews:

Gregory Howard:

Information is provisions for anyone to get better life, information currently can get by anyone at everywhere. The information can be a information or any news even restricted. What people must be consider any time those information which is inside the former life are challenging be find than now is taking seriously which one would work to believe or which one the actual resource are convinced. If you get the unstable resource then you have it as your main information it will have huge disadvantage for you. All of those possibilities will not happen within you if you take Transformational Grammar: A First Course (Cambridge Textbooks in Linguistics) as the daily resource information.

Dawn Dustin:

You are able to spend your free time to see this book this guide. This Transformational Grammar: A First Course (Cambridge Textbooks in Linguistics) is simple to create you can read it in the park, in the beach, train and soon. If you did not get much space to bring typically the printed book, you can buy often the e-book. It is make you easier to read it. You can save the particular book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.

Armando Mosley:

Is it an individual who having spare time and then spend it whole day by means of watching television programs or just lying on the bed? Do you need something totally new? This Transformational Grammar: A First Course (Cambridge Textbooks in Linguistics) can be the respond to, oh how comes? A fresh book you know. You are so out of date, spending your spare time by reading in this brand-new era is common not a nerd activity. So what these books have than the others?

Latashia Bartlett:

That guide can make you to feel relax. This kind of book Transformational Grammar: A First Course (Cambridge Textbooks in Linguistics) was bright colored and of course has pictures around. As we know that book Transformational Grammar: A First Course (Cambridge Textbooks in Linguistics) has many kinds or type. Start from kids until teenagers. For example Naruto or Private investigator Conan you can read and think that you are the character on there. So , not at all of book are generally make you bored, any it offers you feel happy, fun and unwind. Try to choose the best book for you personally and try to like reading this.
