### **Editorial Review**

#### **Review**

Engaging children in the therapy process is often one of the most challenging tasks of the family therapist. Liana Lowenstein has edited a wonderful compendium of helpful family therapy interventions, activities, and techniques for use with children. Drawn from the experiences of in-the-trenches therapists, and unlike most books on family therapy, this book will be immediately useful for all levels of practicing family therapists. --  
--Terry S. Trepper, PhD, Professor of Psychology, Purdue University Calumet, Editor, Journal of Family Psychotherapy

This comprehensive collection contains a wealth of innovative ideas for involving children in family therapy sessions. The techniques are easy to understand and readily implemented in a variety of settings. The interventions are classified into sections so therapists can easily select and apply them. A valuable resource for mental health professionals who work with families. ----Charles E. Schaefer, PhD, RPT-S, Professor Emeritus of Psychology, Fairleigh Dickinson University, Teaneck, NJ, Co-Editor, Family Play Therapy

Lowenstein's book is an exceptional tool for both the experienced family therapist as well as the newly licensed practitioner. A clear and concise introduction to family therapy precedes dozens of creative family therapy techniques thoroughly described by some of the most seasoned family therapists. This resource should be an essential part of every practitioner's library. ----Gregory K. Moffatt, PhD Psychologist, Atlanta, GA, Author, A Violent Heart

### **Users Review**

#### **From reader reviews:**

#### **Sharron Marty:**

What do you in relation to book? It is not important along? Or just adding material when you really need something to explain what the one you have problem? How about your free time?
