### Paracord Fusion Ties - Volume 2: Survival Ties, Pouches, Bars, Snake Knots, and Sinnets By J.D. Lenzen

*Paracord Fusion Ties - Volume 2 (PFT-V2)* is the second installment in the paracord fusion ties book series and another stunning achievement by author J.D. Lenzen. Like *Paracord Fusion Ties - Volume 1*, *PFT-V2* reveals innovative and stylish ways of storing paracord for later use. So once again you'll find crisp, clear, full-color photographs (over 950 in all!), coupled with succinctly written, easy to follow step-by-step instructions for bracelets, straps, and key fobs, as well as medallions and other storage ties that will keep your paracord on-hand and ready for deployment. Still *PFT-V2* doesn't stop there! It also provides directions for ties and techniques that represent the next level in paracording knowledge--the making of practical paracord objects.

Primarily designed to provide survival and/or tactical advantages, practical paracord objects are in themselves useful. That is, they provide benefits to those who tie them, in real time; as opposed to when they're unraveled and the cord within them used. Examples of the practical paracord objects in *PFT-V2* include: Bush Sandals, Emergency Snow Goggles, No-Slip Machete Grip, Single-Cord Rock Sling, and more; including pouches, baskets, secret compartment fobs, and tactical ties.

Featuring instructions for 35 awe-inspiring paracord designs, *PFT-V2* is an epic step forward in the craft of fusion knotting and a must have book for anyone serious about learning paracord ties!

*Foreword by The Paracordist.*
