## **Editorial Review**

### **Review**

"As a piano teacher I can assure the reader that the *Little Piano Book* works well with students of all ages. The video lessons are particularly helpful for the visual learners. The book uses clear and logical layout, teaching the beginning student to learn the piano keys and basics of musical notes and rhythms."

"In the array of good piano books available to the beginning student, this book makes an important contribution and is worthy of diligent consideration." Dr. James Hart

"If you want to learn proper theory and technique then this is the piano book [*Piano Scales, Chords & Arpeggios Lessons* by Damon Ferrante] to get. As a piano teacher, it is nice to come across a book that covers this from the beginning to advanced levels. This is important even for the casual player. It improves performance and minimizes the chance of a hand injury. If you are trying to teach yourself, check out the accompanying videos." Jennifer Bees, Piano Teacher

*The Baltimore Sun* calls Ferrante's music "focused and colorful...with an unexpected, decidedly poetic touch" and "ebullient and full of shifts of direction."

"Like the great sonata writers of two centuries ago, this composer narrates a sonic whole--a coherent if miniature musical life. *Snow Moon* matters now (and does justice to the sonata tradition) for Ferrante's relentless exploration of novel strategies for creating an inhabitable soundscape."

Robert Battistini, Professor and Music Writer

### **From the Author**

As a pianist and professor of piano studies for over 35 years, I was always looking for a book that would teach beginner and advanced piano technique in a fun, useful and musical format. Since I could not find one for my students, I decided to write one myself. *Piano Scales, Chords & Arpeggios Lessons* is the product of these efforts and is designed for beginner to advanced pianostudents, either learning on their own or working with a teacher.

You might find this book useful if you are a:

- Piano Teacher, who is looking for material to teach your students.
- Teacher, who would like to play the piano in the classroom and improve your technique, creativity, and understanding of the instrument.
- Parent, who would like your children to learn how to play the piano.
- Musician, who would like to add the piano to the instruments you know how to play.
- Songwriter, who would like to expand your creativity and learn piano techniques for your songs.
