Second Chances: A Lesbian Romance By Mia Archer

I want her. She wants me. If only she didn't care what everyone else thought about our love...

Claire left her small-town life where it belongs: in the rearview mirror. Loud, proud, and free, she's living in the fast lane, ditching the small-minded attitudes of her hometown for a big city mindset. There's only one person from her old life that she ever finds herself missing late at night...

The one girl who captured her heart, made her body come alive, and fulfilled her deepest fantasies. The one who left Claire's bed and life never to return, all because some people consider two women in love to be taboo.

Allison's watching the days pass in a listless daze, trapped in a relationship with a perfectly acceptable man... who happens to bore her to death. She follows the rules, checks all the boxes, and does what she's supposed to. This is what being an adult is supposed to be like, right?

So why can't she stop thinking about Claire? About the one night of intense passion they shared? When Allison and Claire run into each other at a reunion, sparks fly, and their growing feelings begin to consume them both as they confront the ghosts of their complicated past.

Claire wants Allison. Allison wants Claire... but she also wants to keep her secret. When push comes to shove, will love win out over fear, scandal, and betrayal? Will the old friends turned one-time lovers get their second chance?
