Inside "Shades of Ménage" Boxed Set

A fast-acting virus has killed a majority of the world's female population. Women's rights are stripped away and The Claiming Law is created, allowing groups of men to stake a claim on a female—as their sensual property.

After five years of fighting in the Terrorist Wars, the Outlaw brothers are coming home to declare ownership on the women they love...and they'll do it any way they can in "Jude Outlaw" and "The Claiming".

PLUS

In the future...for population control, each human is embedded with a microchip that suppresses the urge to mate.

Centuries later,...A rebel group of young doctors are secretly tampering with their microchips and experimenting with intimacy. Now they search for allies who can help them with their cause – to eventually free humanity in the Dystopian Romance Ménage stories "Perfect" & "Imperfect".
