Editorial Review

Amazon.com Review

The 7 Habits of Highly Effective People: Powerful Lessons in Personal Change was a groundbreaker when it was first published in 1990, and it continues to be a business bestseller with more than 10 million copies sold. Stephen Covey, an internationally respected leadership authority, realizes that true success encompasses a balance of personal and professional effectiveness, so this book is a manual for performing better in both arenas. His anecdotes are as frequently from family situations as from business challenges. Before you can adopt the seven habits, you'll need to accomplish what Covey calls a "paradigm shift"--a change in perception and interpretation of how the world works. Covey takes you through this change, which affects how you perceive and act regarding productivity, time management, positive thinking, developing your "proactive muscles" (acting with initiative rather than reacting), and much more. This isn't a quick-tips-start-tomorrow kind of book. The concepts are sometimes intricate, and you'll want to study this book, not skim it. When you finish, you'll probably have Post-it notes or hand-written annotations in every chapter, and you'll feel like you've taken a powerful seminar by Covey. --Joan Price

"Dun's Business Month" When Stephen Covey talks, executives listen.

M. Scott Peck author of "The Road Less Traveled" The 7 Habits have the gift of being simple without being simplistic.

From the Publisher

The 7 Habits Of Highly Effective People is a comprehensive program based on developing an awareness of how perceptions and assumptions hinder success---in business as well as personal relationships. Here's an approach that will help broaden your way of thinking and lead to greater opportunities and effective problem solving. Be Pro-Active: Take the initiative and the responsibility to make things happen. Begin With an End in Mind: Start with a clear destination to understand where you are now, where you're going and what you value most. Put First Things First: Manage yourself. Organize and execute around priorities. Think Win/Win: See life as a cooperative, not a comprehensive arena where success is not achieved at the expense or exclusion of the success of others. Seek First to Understand: Understand then be understood to build the skills of empathetic listening that inspires openness and trust. Synergize: Apply the principles of cooperative creativity and value differences. Renewal: Preserving and enhancing your greatest asset, yourself, by renewing the physical, spiritual, mental and social/emotional dimensions of your nature. Stephen R. Covey is the most respected motivator in the business world today. Learn to use his *7 Habits Of Highly Effective People*--and see how they can change your life.
