Adobe Photoshop CS6 Bible By Brad Dayley, DaNae Dayley

The comprehensive, soup-to-nuts guide to Photoshop, fully updated

Photoshop CS6, used for both print and digital media, is the industry leader in image-editing software. The newest version adds some exciting new features, and this bestselling guide has been revised to cover each of them, along with all the basic information you need to get started. Learn to use all the tools, including the histogram palette, Lens Blur, Match Color, and the color replacement tool, as well as keyboard shortcuts. Then master retouching and color correction, work with Camera Raw images, prepare photos for print or the web, and much more.

- Photoshop has the broadest user base of any professional-level graphics application, ranging from photo hobbyists to professionals in graphic design, publishing, video editing, animation, and broadcasting
- This comprehensive guide has what beginners need to know as well as intermediate-level information on key tools and procedures
- Features a 16-page full-color insert and a companion website with tutorials, including JPEG and PSD files of images from the book
- Covers image-editing basics, the File Browser, histogram palette, Lens Blur, Match Color, the color replacement tool, and customizable keyboard shortcuts
- Delves into techniques for working with Camera Raw images; how to retouch, color-correct, manipulate, and combine images; and all the new features and enhancements in the latest version

Photoshop CS6 Bible is the one reference book every Photoshop user needs.

- Create images for the Web and mobile devices

Companion Website

The companion website includes project files for the book's tutorials. www.wiley.com/go/photoshopcs6bible

Enhance color in Camera Raw

Edit and paint with brushes

Use the Blur gallery to refocus your image

About the Author

Brad Dayley is a senior software engineer with almost 22 years of experience creating computer software. He has been working with Photoshop for 21 years, enjoying the transition of Photoshop from a simple image editor to the powerhouse it is today. He is the author of several books. He is an avid amateur photographer and spends most of his free time in the remote areas of the western United States with his wife DaNae and four sons (wherever a Jeep can get them).

DaNae Dayley has been working with Photoshop for 18 years and is still constantly amazed at the cool stuff it can do! With a degree in Advertising from Brigham Young University, DaNae has owned and operated a media creation business for 17 years, incorporating writing, graphic design, and video editing over the years. She also enjoys teaching Photoshop classes locally. She has co-authored several books with her husband Brad Dayley and is the author of *Photoshop CS3 Extended Video and 3D Bible* and *Roxio Easy Media Creator 8 in a Snap*. DaNae lives in Utah with her husband Brad and their four sons. When she is not at her computer, she can be found in the great outdoors (with a camera), preferably in a Jeep!

Users Review

From reader reviews:

Bobby Phillips:

Book is written, printed, or descriptive for everything. You can learn everything you want by a reserve. Book has a different type. We all know that that book is important issue to bring us around the world. Close to that you can your reading ability was fluently. A reserve Adobe Photoshop CS6 Bible will make you to end up being smarter. You can feel a lot more confidence if you can know about anything. But some of you think in which open or reading the book make you bored. It is not make you fun. Why they might be thought like that? Have you trying to find best book or suited book with you?

Sharon Novick:

Do you one of people who can't read pleasant if the sentence chained from the straightway, hold on guys that aren't like that. This Adobe Photoshop CS6 Bible book is readable by means of you who hate the perfect word style. You will find the information here are arrange for enjoyable examining experience without leaving possibly decrease the knowledge that want to offer to you. The writer associated with Adobe Photoshop CS6 Bible content conveys thinking easily to understand by many people. The printed and e-book are not different in the information but it just different by means of it. So , do you still thinking Adobe Photoshop CS6 Bible is not loveable to be your top checklist reading book?

Robert Watts:

Reading a reserve tends to be new life style within this era globalization. With looking at you can get a lot of information that may give you benefit in your life. With book everyone in this world could share their idea. Books can also inspire a lot of people. A lot of author can inspire their particular reader with their story or their experience. Not only the storyplot that share in the textbooks. But also they write about the knowledge about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors on this planet always try to improve their proficiency in writing, they also doing some study before they write to the book. One of them is this Adobe Photoshop CS6 Bible.

Cesar Benedetto:

As we know that book is vital thing to add our information for everything. By a e-book we can know

everything you want. A book is a set of written, printed, illustrated or even blank sheet. Every year has been exactly added. This e-book Adobe Photoshop CS6 Bible was filled concerning science. Spend your time to add your knowledge about your science competence. Some people has several feel when they reading any book. If you know how big benefit from a book, you can truly feel enjoy to read a reserve. In the modern era like currently, many ways to get book that you just wanted.
