Dark Summit: The True Story of Everest's Most Controversial Season By Nick Heil

"A dramatic story, ably and convincingly told . . . A chilling look at the precarious line between success and tragedy."?Kirkus Reviews

On May 15, 2006, a young British climber named David Sharp lay dying near the top of Mount Everest while forty other climbers walked past him on their way to the summit. A week later, Lincoln Hall, a seasoned Australian climber, was left for dead near the same spot. Hall's death was reported around the world, but the next day he was found alive after spending the night on the upper mountain with no food and no shelter.

If David Sharp's death was shocking, it was hardly singular: ten others died attempting to reach the summit that year. In this meticulous inquiry into what went wrong, Nick Heil tells the full story of the deadliest year on Everest since the infamous season of 1996. As more climbers attempt the summit each year, Heil shows how increasingly risky expeditions and unscrupulous outfitters threaten to turn Everest into a deadly circus.

Written by an experienced climber, *Dark Summit* is both a riveting account of a notorious climbing season and a troubling investigation into whether the pursuit of the ultimate mountaineering prize has spiraled out of control.

Editorial Review

From [Booklist](#)

The year 2006 recorded Mount Everest's deadliest season on record since 1996 (the killer season that spawned Jon Krakauer's *Into Thin Air*). To tell the story of the 2006 season, which made global headlines due to the troubling circumstances surrounding the death of a climber, journalist Heil, a climber himself, gives us extensive background (more than half the book is a prologue to the 2006 season, and while the backstory will be pertinent to aficionados, it may prove frustrating to those waiting for the real story). There is plenty of fascinating material here, especially the excellent profiles of the key players (including flamboyant Russell Brice, Everest's most successful commercial operator, a larger-than-life figure who seems to belong on a movie screen), but as a chronicle of the mountain's "most controversial season," the book feels padded, as though the author felt he had only enough material for a long article. Recommend this one to mountaineering devotees only, but don't expect it to attract the kind of general audience that found Krakauer. --David Pitt

Review

"In this authoritative, colorful look at the grimmest Everest season in years, *Dark Summit* carries forward *Outside* magazine's formidable tradition of high alpine literature. Nick Heil is alive to Everest's majesty but fiercely skeptical of those hubristic souls who attempt to 'conquer' her. Through rock-solid reporting and vital prose, Heil leads us up into this rarefied world, step by hypoxic step." ?*Hampton Sides, author of Ghost Soldiers and Blood and Thunder*

"Here is humanity itself, personified in exemplary fashion by Nick Heil, addressing the Everest culture's lack of compassion and coming up with the right answers. *Dark Summit* is an extraordinary tale, ribboned with wisdom and profound insight, delivered by a first-rate storyteller. I consider the book not a sequel to Krakauer's *Into Thin Air*, but an equal." ?*Bob Shacochis, author of The Immaculate Invasion*

"*Dark Summit* illuminates the nuanced personalities of Everest's modern commercial age accurately, with neither heroic romanticism nor guile. Nick Heil takes a critical yet objective look at Everest and the community of Everest climbers, and then leaves you to pass judgment. If you couldn't put down *Into Thin Air*, you must read *Dark Summit* to understand what it means to climb Everest today and why anyone might accept the risk." ?*Peter Athans, seven-time Everest summitter and The North Face athlete*

About the Author

Nick Heil first wrote about the 2006 climbing season for *Men's Journal*. Now a freelance journalist based in Santa Fe, New Mexico, he was a senior editor at *Outside* from 1999 to 2006. He has also worked as a climbing and skiing instructor, and has traveled extensively in Europe, Asia, and North America.

Users Review

From reader reviews:

Luba Jacobs:

What do you ponder on book? It is just for students because they're still students or this for all people in the world, what the best subject for that? Merely you can be answered for that concern above. Every person has several personality and hobby for each and every other. Don't to be obligated someone or something that they don't wish do that. You must know how great and also important the book *Dark Summit: The True Story of Everest's Most Controversial Season*. All type of book is it possible to see on many solutions. You can look for the internet sources or other social media.

Judith Tate:
