Owning O (Masters of the Castle Book 6) By Maren Smith

She's the most highly-coveted submissive the Castle has ever known. She never says no, never cries her safeword, and never plays with the same Dom twice.

For years Alan has watched her, always looking but never allowed to touch until the night the Castle hosts its first ever charity auction. Seizing his chance, Alan bids, but defeating the other Doms in the audience is only the first and easiest step in his bid to own the infamous O.

Freeing her from herself quickly proves to be much, much harder...

Owning O. Welcome to the Castle.

Publisher's Note: While this is the sixth book in Maren Smith's hugely popular Masters of the Castle series, it can be read as a standalone, as can all the others. The series numbers are just a guideline as to recommended reading order.

Editorial Review

Review

Owning O

There isn't a single Maren Smith title that I've ever been disappointed in and Owning O is no exception. O has been punishing herself for years but that doesn't relieve her of the guilt so she regularly exercises her demons at The Castle. Alan has had desire for her from the first time he saw her but has never had O as a submissive (which bodes well for him since she has never had the same dom twice). Alan plans to change that because he knows once will never be enough for him. These characters write their own story and completely entrance the reader. Don't start this book unless you have time to finish it on one sitting because you will not be able to put it down until it's over. - **Bestselling Erotic Author, Abbie Adams**
