Editorial Review

Review

Eric provides detailed instructions on how to get started selling on Amazon with limited resources in a short amount of time. One of the many great points in the book is that the guide is not a get-rich-quick gimmick, as with everything it takes hard work and dedication. The book cuts through the fluff often encountered in these types of books.

Who wouldn't want to earn passive income?, but who earn such income, don't want to disclose the exact method. Here Author described -How he built an inventory on the largest retail site in the world that is worth well over \$ 50,000 with only the help of his wife and his two children and spending less than \$ 20 a week while he was working a full time job.

I would recommended this book to anyone who want to build a solid online income in his/her spare time through amazon.
