The Jock and the Fat Chick By Nicole Winters

No one ever said high school was easy. In this hilarious and heartwarming debut, one high school senior has to ask himself how much he's willing to give up in order to fit in.

Kevin *seems* to have it all: he's popular, good looking, and on his way to scoring a college hockey scholarship. However, he's keeping two big secrets. The first is that he failed an assignment and is now forced to take the most embarrassing course ever--domestic tech. The second is that he is falling for his domestic tech classmate, Claire.

As far as Kevin is concerned, Claire *does* have it all: she's funny, smart, beautiful, and confident. But she's off-limits. Because Kevin knows what happens when someone in his group dares to date a girl who isn't a cheerleader, and there's no way he is going to put himself—or Claire—through that.

But steering clear of the girl of his dreams is a lot harder than Kevin thought...especially when a cooking project they are paired together for provides the perfect opportunity for things to heat up between them outside the classroom....
