Editorial Review

From the Back Cover
This account of U.S. carrier development, based on the internal files of the U.S. Navy, presents a complete evolutionary design history at a level of detail and accuracy never before approached. The author, a recognized authority on U.S. warships, uncovers the issues behind the emergence of today's carrier, explaining the reasons for the periodic but always aborted attempts to trim back its dimensions.

About the Author
Norman Friedman is a prominent naval analyst and the author of more than thirty books covering a range of naval subjects, from warship histories to contemporary defense issues. He is a longtime columnist for *Proceedings* magazine and lives in New York City.

Users Review

From reader reviews:

Deborah Anderson:
