Victory By Susan Cooper

A historic connection has the power to change the future in this classic, gripping novel from Newbery Medalist Susan Cooper.

Sam Robbins is a farm boy, kidnapped to serve on HMS *Victory*, the ship on which Lord Nelson will die a hero's death at the Battle of Trafalgar in 1805.

Molly Jennings is a twenty-first-century English girl who's been transplanted to the United States by her stepfather's job and is fighting her own battle against loss and loneliness.

Two different lives, two centuries apart, are linked by a tiny scrap of fraying cloth that's tucked into an old book. It draws Molly into Sam's world, to a moment in time that changed history—a frightening shared moment that holds the key both to secrets from the past and hope for the future.

Editorial Review

From School Library Journal

Grade 5-8—Modern-day Molly, 11, understands that her family had to move from Connecticut to London because of her stepfather's job, but she's still achingly homesick. Sam, also 11, lives in England in 1803, until he's forced into several years' service on the H.M.S. *Victory* under Vice-Admiral Lord Nelson. The boy eventually grows to enjoy many things about life in this small city of people in one floating wooden frame. Molly finds a scrap of the *Victory*'s flag tucked into an old book about Nelson and begins to experience bits of Sam's memories. The children's stories alternate as Sam's memories help Molly come to terms with the loss of her childhood home and the death, years earlier, of her father. The mystery behind the flag and Molly's haunting by Sam drive the girl's narrative, while a prologue hinting at Sam's participation in the great Battle of Trafalgar propels his along to climactic scenes of the battle itself. His descriptions of 1800s naval warfare are both fascinating (the technology) and horrible (the stench, earsplitting noise, and the utter carnage of cannonballs hitting ships full of unarmored men and boys). Hesitant, loving efforts by Molly's family to help her cope with her unhappiness and Nelson's small kindnesses to Sam bring secondary characters to life. They also advance the parallel emotional stories underlying the novel about the difficulty of leaving a beloved place and the way new connections help a strange environment become home.—*Beth Wright, Fletcher Free Library, Burlington, VT*

Starred Review Gr. 4-7. Thirteen-year-old Molly, who has recently moved from present-day London to Connecticut with her family, longs for home. While visiting a bookstore, she is drawn to an edition of Robert Southey's *Life of Nelson*, which has an unusual artifact secreted inside. In alternating chapters, Cooper tells a second story, set in the early 1800s, about an 11-year-old English lad, Sam, who is captured by a press gang and taken to serve on HMS *Victory*. Two years later, wounded during the Battle of Trafalgar, Sam tends dying Vice-Admiral Lord Nelson. In the present-day narrative, Molly returns to England for a week and visits the restored *Victory*. Overcome by powerful sensations, she finds herself channeling Sam's experiences during the fateful battle. Later, Molly realizes the nature of the tie between herself and Sam and what she must do to set things right for both of them. Cooper uses a present-tense, third-person narrative to tell Molly's story, while Sam's unfolds in past-tense, first-person reflections. Both tales are so involving that readers will find themselves reluctant to let go of one narrator and switch to the other at a chapter's end. Seamlessly weaving details of period seamanship into the narrative, Cooper offers a vivid historical tale within the framework of a compelling modern story. *Carolyn Phelan*

Review

"[A] compelling, taughtly rigged tale." (*Kirkus Reviews, starred review*)

"A vivid historical tale within the framework of a compelling modern story." (*Booklist, starred review*)

"A riveting independent read." (*BCCB*)

"Cooper's deep, organic interweaving of themes of memory and heritage, dream and bereavement, and her persistent imagery of the sea and sailing make this a powerful, demanding novel...It rewards rereading and reminds us that in historical fiction, ordinary words, intently arranged and deliberately paced, can offer an intense vision and emotional transport that constitute a voyage of their own." (*The Horn Book*)

“Cooper, a Newbery medalist, has interwoven history and fantasy before...but nowhere, I think, has she done it more hauntingly or gracefully than in this loving tribute to Nelson....” (*The Washington Post*)

From reader reviews:

Eugene Glover:

What do you think of book? It is just for students as they are still students or the idea for all people in the world, the actual best subject for that? Merely you can be answered for that question above. Every person has diverse personality and hobby for each other. Don't to be pushed someone or something that they don't would like do that. You must know how great and also important the book Victory. All type of book can you see on many solutions. You can look for the internet sources or other social media.

Melanie Pemberton:

As people who live in typically the modest era should be upgrade about what going on or details even knowledge to make all of them keep up with the era which can be always change and move forward. Some of you maybe will certainly update themselves by studying books. It is a good choice for yourself but the problems coming to you is you don't know what type you should start with. This Victory is our recommendation to make you keep up with the world. Why, since this book serves what you want and need in this era.

Brenda Fairfax:

Do you considered one of people who can't read satisfying if the sentence chained inside the straightway, hold on guys that aren't like that. This Victory book is readable by means of you who hate the straight word style. You will find the facts here are arrange for enjoyable reading through experience without leaving possibly decrease the knowledge that want to deliver to you. The writer regarding Victory content conveys thinking easily to understand by many individuals. The printed and e-book are not different in the articles but it just different available as it. So , do you nonetheless thinking Victory is not loveable to be your top listing reading book?

Mary Wines:

Beside this kind of Victory in your phone, it might give you a way to get more close to the new knowledge or data. The information and the knowledge you are going to got here is fresh through the oven so don't end up being worry if you feel like an outdated people live in narrow town. It is good thing to have Victory because this book offers for your requirements readable information. Do you occasionally have book but you would not get what it's about. Oh come on, that won't happen if you have this in the hand. The Enjoyable blend here cannot be questionable, like treasuring beautiful island. Techniques you still want to miss that? Find this book along with read it from right now!
