## **RESULTS:**

Mostly A's: Winter

Winter is unassuming, gentle, yet can easily turn deadly and wicked if not respected. The most admirable trait of all Winterians is endurance—their conduit gave them the ability to dive deep beneath the earth, and magic makes them capable of surviving in the unrelenting chill of eternal cold. Winterians are, above all, survivors.

Mostly B's: Spring

When asked what they think of when they hear the word Spring, any other citizens of Primoria would say “control.” Spring's conduit has been used for centuries to enforce utter domination and demand loyalty of all its citizens. But through this dictatorship-like state, Spring has still retained its natural beauty—it is undeniably vivacious and remains a symbol of life.

Mostly C's: Autumn

Autumn is by far the most underestimated Season—but through that, Autumnians have managed to absorb every blow cast their way and rise not only whole, but stronger. They are the adaptable Season, the Season of change, as well as the Season of silent, steady growth. Humble and infallible, sure and gentle, Autumn may be passed over by most of Primoria, but they let this lack of recognition provide them with time to heal and mature.

Mostly D's: Summer

Summer has one talent that no other kingdom in Primoria possesses: the ability to have fun. Their conduit has been used to encourage utter bliss in every citizen, blanketing Summer with a reputation of parties, music, laughter, and endless enjoyment. With this unmatched ability to love life, though, comes a lack of responsibility. But no Summerian worries about this—not when there's wine to drink!
