Looking Beyond the Structure: Critical Thinking for Designers & Architects

By Dan Bucsescu, Michael Eng

In *Looking Beyond the Structure*, architect Dan Bucsescu and philosopher Michael Eng record their conversations about the relationship of the built environment and other forms of design to the culture in which they are created. The authors exchange their interpretations of selected readings about design theory and invite the reader to join in the discussion. Questions following each chapter's reading stimulate critical thinking about the philosophies and theories of design, and additional assignments encourage students to express their critical thinking skills visually.
