Merritt's Neurology From Brand: Lippincott Williams Wilkins

The thoroughly updated Twelfth Edition of this classic retains the organization, practicality, and readability that makes **Merritt's Neurology** one of the most popular texts among neurologists, primary care physicians, and residents reviewing for psychiatry or neurology boards. In 183 short chapters, the book provides the essentials clinicians need on symptoms/signs, diagnostic tests, and neurologic disorders of all etiologies.

For this edition, Timothy A. Pedley, MD, Chair of the Department of Neurology at Columbia University, joins Dr. Rowland as co-editor. Coverage includes separate chapters on autism, autosomal recessive ataxias, and autosomal dominant ataxias, and new chapters on endovascular neuroradiology, parkinsonian syndromes, Lewy body dementias, frontotemporal dementia, vanishing white matter, vasculitis, normal pressure hydrocephalus, neuromyelitis optica, Kennedy disease, spinal muscular atrophy, complex regional pain syndrome, disorders of DNA translation, the immune restoration inflammatory syndrome (IRIS), and Hashimoto encephalopathy. Most chapters have been updated to reflect advances in molecular genetics.

A companion Website will offer the fully searchable text and an image bank.

Editorial Review

Users Review

From reader reviews:

Cornell Warren:

Book is to be different for each grade. Book for children until eventually adult are different content. To be sure that book is very important for people. The book Merritt's Neurology ended up being making you to know about other expertise and of course you can take more information. It is quite advantages for you. The reserve Merritt's Neurology is not only giving you more new information but also to be your friend when you truly feel bored. You can spend your own personal spend time to read your e-book. Try to make relationship while using book Merritt's Neurology. You never feel lose out for everything in the event you read some books.

Dean Green:

As people who live in the modest era should be update about what going on or info even knowledge to make these keep up with the era which can be always change and move ahead. Some of you maybe will probably update themselves by studying books. It is a good choice for yourself but the problems coming to you actually is you don't know what kind you should start with. This Merritt's Neurology is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and need in this era.

Norma Eberhart:

Your reading sixth sense will not betray you actually, why because this Merritt's Neurology book written by well-known writer who really knows well how to make book which can be understand by anyone who else read the book. Written within good manner for you, still dripping wet every ideas and producing skill only for eliminate your current hunger then you still doubt Merritt's Neurology as good book not only by the cover but also through the content. This is one book that can break don't assess book by its handle, so do you still needing a different sixth sense to pick this kind of! Oh come on your reading sixth sense already told you so why you have to listening to yet another sixth sense.

Cheryl Bullen:

Do you like reading a guide? Confuse to looking for your chosen book? Or your book had been rare? Why so many question for the book? But any kind of people feel that they enjoy to get reading. Some people likes examining, not only science book but novel and Merritt's Neurology or perhaps others sources were given knowledge for you. After you know how the good a book, you feel wish to read more and more. Science publication was created for teacher or maybe students especially. Those guides are helping them to include their knowledge. In some other case, beside science publication, any other book likes Merritt's Neurology to

make your spare time more colorful. Many types of book like here.
