Excerpt

"Look Falynn I done been more than patient with yourtrifling ass. If you got something on your mind I suggest you spill it. You got something you wanna say to me? What is it jealousy? That's what it is isn't it? I can see it in your eyes. You want to be in my shoesdon't you bitch?"

"This nigga right here is TRULY delusional" Falynn thought to herself, smirking as she listened to Pebbles pompous ass rant.

"Listen Falynn, I know your ass done got all comfy and shit laying up in mydamn house but make no mistake this is MY house. I make the rules. Iknow Adrian and I have the perfect relationship that any woman would beenvious of but the bottom line is you gotta get your own man, he is offlimits. I mean I don't blame you for wanting my life, who wouldn't? Hell if you had played your cards right I might have even given your sorryass a few tips on how to step ya game up, but you done fucked that allup by not staying in ya lane. So I suggest you have your ass a seat."

I smiled as I fluffed my hair and pouted my lips at that hoe. I couldn'twait for this bitch to be out of my house. Not only did she want my man, the bitch wanted to be me!

Falynn couldn't believe what she washearing. "The audacity of this manly muthafucka thinking I was jealousof HIS ass!" she thought. It was at that point that she had listened toall she could take. Pebbles was truly a fucking nutcase and it was timesomebody knocked her ass down a few notches.

Falynn was about to go in her room when she quickly turned around to stand toe to toe with me.

"I knew your ass was crazy but I didn't know you was delusional also. Answer me this; why would I want to be in your shoes? With yo big assfeet! Why the hell would I want the life of a murderer?" Falynn raisedher eyebrow and waited for my response.

I stood there in silence,shock and disbelief. How in the hell did she know I had killed someone?At that very moment I felt as if my whole world was about to comecrashing in. The scene of me slicing Tasha's throat flashed before myeyes. I had tried my damndest to put that whole experience behind me. It was bad enough that Adrian was constantly talking about her and nowhere this bitch stood as a blatant reminder. I wanted to snap thatbitch's neck on the spot but she was carrying our child. Besides if sheknew others could know as well. I had to pull back and dig a bit more. I had to find out exactly what she knew.

"Murderer? What the hell you talking about?" I tried my best to play it cool but the look on my face said otherwise.

Falynn busted out laughing. "You should see the look on your damn face. What's the matter Peyton? Tasha's ghost done came back to haunt your crazyass?"

"Peyton? Tasha?" I had started sweating and my heart wasracing a mile a minute. I had been exposed! I tried my best to lookconfused as though I didn't know what she was talking about but itwasn't working, this bitch had my number.

Falynn went in her room and sat on the bed.

"I'm a little tired today so I'm gonna stop toying with your simple ass." She was perfectly relaxed as she stretched out on the bed.

"You mighty damn brave to be laying your ass down in front of me after all that shit you just talked."

Even though she was on to me she **TRULY** had no idea who she was dealing with. I would snuff this bitch's lights out in a heartbeat and start again from scratch before I let her fuck up all of my hard work! My eyes were narrow as slits as I gave her a vexing stare that would cut through ice. "You might be carrying that baby in your belly but that won't stop me from knocking you upside your mutha fuckin head" I said as I stood over her picturing myself tossing her ass straight into the damn amour.

Falynn propped herself up with the plush throw pillows that were on her bed and leaned against the headboard.

"You wouldn't do that because you want this baby too bad. Or should I say you **NEED** this baby. Have a seat Peyton while I lay out my list of demands."

"List of demands?"

I couldn't believe it! This hoe was going to try and blackmail me! Falynn had proven herself a worthy opponent. I had no choice but to humble myself and see what this bitch had to say.

After taking a seat in the rocking chair that sat in the corner of her room, I watched as Falynn opened her nightstand drawer and pulled out a journal.

"First things first, I saw you kill your friend that morning. You thought no one saw you but I did."

My mouth dropped open. I was utterly speechless. I thought I had covered all my tracks! How in the hell did she see me? It was dark outside plus I was wearing a mask. There was no way, it just wasn't possible. This heffa must be bluffing. I didn't say a word. Instead I let her continue on.

"I was staying with my grandparents at the time. They just happened to live on the same street as your friend Tasha. I was mad because I had gotten into an argument with my parents the night before. My grandma started in on me extra early that morning about how I needed to start taking responsibility for my actions and how I needed to stop giving my parents so much grief. Bottom line is I didn't want to hear the shit. I stormed out of the house and sat in the car. I turned it on for a little while to warm it up but my grandmother started talking shit out the doorway about wasting her gas so I killed the engine. After she went back in the house I sat in the car and pouted for the next half hour. That's when I noticed someone dressed in all black slip beside the house across the street. I slid down in my seat so I wouldn't be seen and waited to see what was about to happen. Little did I know I was about to witness a damn murder."

"When the lady in the house came out someone grabbed her from behind. I couldn't see exactly what was going on. All I know is whoever it was left her ass lying in the driveway in a pool of blood with the car running."

"Now seeing as I'm a bitch that's on her grind that desperately needed to hit a lick so I could move the hell away from my grandparents' house I decided to follow the person who killed Tasha."

I sat back in disbelief as Falynn shared her story of how she followed me to my house and cased me out for days till she finally got a good look at me in the daytime.

"Your crazy ass wasn't scared to follow me after you saw me kill somebody?"

I knew this was an admission of guilt but hell I had already been found out. This bitch seemed to be bout that life and I needed to see just how far she was planning to take this little witch hunt of hers.

"Hell naw! I ain't scared of shit, plus I was packin heat my damn self. Don't let the pretty face fool you. Anyway I figured whoever killed this chick must have a reason to want her dead. And They THOUGHT the dirty deed went unseen, but I saw that shit with my own two eyes. I just needed to find out who was behind the mask and what the motive was. That's when I started casing your ass every day."

With that Falynn handed me a manila folder. Inside were pictures of me entering my house through the side door the morning of the murder. This bitch had pictures of me dressed in all black as well as shots of me coming and going in my everyday attire. She had my home address in the shots, license plate number and everything. How in the hell could I have slipped like this?
