Studies in Short Fiction Series: Jean Rhys By Cheryl Alexander Malcolm, David Malcolm

Over the last decade a proliferation of books and articles have been published about the novelist and short story writer Jean Rhys (*Voyage in the Dark* and *Wide Sargasso Sea*). Despite her slim output - five short novels, three volumes of short stories, and a small number of other brief pieces - Jean Rhys has a standing as a major feminist writer in the contemporary era. This text surveys the small canon of Rhys' short fiction, organizing their approach around the outsider theme in Rhys's work. Also included is a biocritical study, and an overview of critical reception of Rhys's writings.

Editorial Review

From the Back Cover

With *Jean Rhys: A Study of the Short Fiction*, Cheryl Alexander Malcolm and David Malcolm provide the first full-length critical analysis of Rhys's contributions to the short story genre. Maintaining that Rhys's overriding interest was the outsider - "the underdog, the normally silenced, the excluded, the ignored" - the Malcolms examine the stories from the perspective of this motif. Selected stories - among them "Illusion", "Mannequin", and "Let Them Call It Jazz" - are given in-depth treatment, as are the heretofore neglected technical aspects of Rhys's work: narration, style, plot, action, and setting.
