Pimp your Lesson!: Prepare, Innovate, Motivate, Perfect (New Edition) (Practical Teaching Guides) By Isabella Wallace, Leah Kirkman

Nothing strikes such fear into the heart of the over-worked, under-valued teacher as the prospect of inspection. Perhaps it is because we feel it often involves being measured against and boxed into a de-humanizing four-point scale. Few of us glow with pride when we are awarded the dubious title of SATISFACTORY; even more frustrating sometimes can be arriving second at the finishing line with a 'didn't-quite-make-it' GOOD. So how do we ensure that the much coveted OUTSTANDING box gets ticked? And why do an elite few keep it such a privileged fellowship?

Pimp Your Lesson! reveals, in detail, the secrets to impressing the pants off your observer, whether it be your Head of Department, Headteacher, Mentor or - worse still - Ofsted!

This new edition contains guidance on addressing and incorporating current government initiatives and strategies, and lots of additional innovative ideas to enhance your lessons. Updated in line with the latest Ofsted criteria, this edition will help you to meet the outstanding mark, both in observed lessons and your daily teaching.

"[An] inspiring book, *Pimp Your Lesson!* does exactly what its subtitle suggests: 'prepare, Innovate, Motivate and Perfect'... [it] is accessible and entertaining both for busy teachers who need to dip in for a nugget of advice or for those who wish to read a more thorough overview of a specific educational initiative"
(*Music Teacher*)

"No board marker is left unturned in this down-to-earth, yet pull-out-all-the-stops, practical guide to making teaching and learning outstanding in every aspect... Highly recommended for all teachers and trainee teachers"

Sue Howarth, *SSR*, September 2008

"This is not a book aimed at particular subject specialists, but for all teachers of all subjects; and, given the ambition of that range, the authors should be congratulated on successfully managing to have useful things to offer most teachers in most subjects."

Classroom, Spring 2008

'Extremely easy to read and there is a sense of lightness and humour throughout... Even though I have been a teacher for 29 years I learnt something from this book and will use it in my teaching.'
