**Tides of War #1: Blood in the Water** By C. Alexander London

Based on a real military program! The US Navy's new breed of soldier is ready to make a big splash.

From the author of Dog Tags!

Navy SEALs are some of the most elite warriors in the world. Trained to operate in sea, land, and air, they work under cover of night to carry out the US military's most sensitive and difficult missions.

Cory McNab wanted to be a Navy SEAL, but he washed out of the program. Now he is a member of the Navy's Marine Mammals Program, where he is partnered with a search-and-recovery dolphin named Kaj.

Together, Cory and Kaj are the Navy's best hope when a US spy submarine is lost in enemy waters. With the help of Kaj's bio-sonar, they should be able to locate the submarine before its secrets fall into the wrong hands. But the mission gets complicated when a team of Navy SEALs runs into trouble. Can Cory succeed where his heroes have failed . . . or is he in too deep?

### Editorial Review

From School Library Journal

Gr 4–6—An exciting adventure story that will interest readers who like stories about the military and/or dolphins. Cory McNab wanted to be a Navy SEAL, but was not able to make it through basic training. After dropping out, he returns home. While surfing, Cory and his brother are attacked by a shark. The two of them are rescued by a dolphin and make it safely to shore. After the rescue, Cory becomes fascinated with dolphins and joins the Navy Marine Mammal Program, a branch of the service that teams an expert with an animal for important missions. Cory's dolphin partner is named Kaj, and it is not long before the two of them are needed for a dangerous mission in North Korean waters. The Navy needs Kaj's bio-sonar to find and destroy a lost submarine in enemy territory. Kaj is able to find the sub right away but things become complicated. Cory will have to step up and face his fears and insecurities if the mission is to succeed. This is a fast-paced story that will hook readers from the very first scene. Ideal for reluctant readers.—Patrick Tierney, Dr. Martin Luther King Elementary School, RI

Praise for DOG TAGS #1: SEMPER FIDO:

"A fast-paced tale that's both a love story between a young man and dog, but also an ode to Marines' selfless actions during wartime, Dog Tags: Semper Fido is a must-read for that reluctant middle grade boy audience. Dog lovers of every ilk, too, will be impressed with this tale of how human and dog have to learn to work together perfectly." -- CRANBERRY EAGLE newspaper
