A Poetics of Unnatural Narrative From Ohio State University Press

A Poetics of Unnatural Narrative offers a collection of foundational essays introducing the reader to the full scope of unnatural narrative theory: its meaning, its goals, its extent, its paradoxes. This volume brings together a distinguished group of international critics, scholars, and historians of literature that includes several of the world's leading narrative theorists. Together, they survey many basic areas of narrative studies from an unnatural perspective: story, time, space, voice, minds, narrative levels, realism, nonfiction, hyperfiction, and narrative poetry. Rarely have these fundamental concepts been subjected to such an original and thoroughgoing reconceptualization
