## **Editorial Review**

### **Review**

I know from the questions I get from analysts that the CBAP certification process may seem daunting even for experienced BAs. Laura's approach to preparing for the CBAP resulted in an invaluable tool for those starting their journey. This book is a natural progression from the series of articles the author wrote during her journey, which I've recommended numerous times to advice seekers. I expect this book to become a key reference for anyone looking to make it through the certification process. -Adriana Beal, Sr. Business Analysis Consultant, Beal Projects LLC - [bealprojects.com](http://bealprojects.com)
