### Editorial Review

#### Review

It's not just a page-turner, it's a head-turner. It's Dan Brown meets Al Gore. You can't stop reading and once you're done, you can't stop thinking about its messages. A book that bookstore employees will hand-sell to customers and those customers will then insist their friends read. --Dale Dauten, King Features

More frightening than any vision of our future, Mark Nykanen's *Primitive* depicts the reality of the here and now. A timely and stunning vision of what happens when true-believers clash, catching innocents in the middle. --Ed Stackler, editor of New York Times-bestselling authors Greg Iles, Ridley Pearson, Ted Dekker, and others.<

*Primitive* captures the raw and rugged high alpine environment, a powerful, emblematic setting for this furiously-paced thriller about a mother and daughter, and the radical environmentalists who want to use them to deliver a desperate message to the world. -- --Christopher Van Tilburg, author of *Mountain Rescue Doctor*
