"Bozi's got one of the best formulas for fast career acceleration out there. I know traditional, conventional job advice doesn't work anymore because the world's changing. Career advice has to change, too. PROMOTED is out-right one of the best systems I've seen for getting unstuck. The best part is you're not working harder, you don't have to be the first one in the office and the last to leave."

"I've always had an unconventional outlook on my career, so when I first heard about Bozi Dar's Career Acceleration Formula and PROMOTED, I knew I was going to be a fan. And boy was that true. His advice is so unlike any I've ever come across, but it completely resonates with me. I know what it's like to bounce around looking for the right career, but when you find that special edge that sets you apart, it's magic. This book is perfect for anyone who is feeling stagnant in their career and needs that boost, almost giving them permission to be awesome. I highly recommend it as a way to be able to follow a clear cut path AND set yourself apart from everyone else who isn't getting the results they want in their career. Even better than all of this I have personally used some of the strategies that Bozi describes in this book to get promoted and raises multiple times over... so I know it works!"

**-Scott Barlow - Founder & CEO, Happen To Your Career**

"Bozi Dar's PROMOTED is a game changer. Bozi provides tried and tested system that you can use both now and any time in the future to grow your career fast, without working until midnight or following the game of office politics. Every ambitious professional should have this book on their bookshelf and read it over and over."
