The Turing Test: The Elusive Standard of Artificial Intelligence (Studies in Cognitive Systems)

From Springer

The Turing Test: The Elusive Standard of Artificial Intelligence (Studies in Cognitive Systems) From Springer

This book gives the most comprehensive, in depth and contemporary assessment of this classic topic in artificial intelligence. It is the first to elaborate in such detail the numerous conflicting points of view on many aspects of this multifaceted, controversial subject. It offers new insights into Turing's own interpretation and is essential reading for research on the Turing test and for teaching undergraduate and graduate students in philosophy, computer science, and cognitive science.

Editorial Review

Review
From the reviews:

"The origin of Moora (TM)s The Turing Test is a conference a] at Dartmouth College. a] This collection has considerable depth and range. It includes insightful papers on current debates by several of the foremost Turing scholars. The volume addresses the history, interpretation, criticism, and defense of the test, and alternative standards of intelligence in AI. It is genuinely interdisciplinary a] . The discussions are accessible to students and much of the material is fascinating. Moora (TM)s skilful editorship has produced a splendidly informative work." (Diane Proudfoot, Philosophical Psychology, Vol. 19 (2), April, 2006)

Users Review

From reader reviews:

Teresa Howard:

Information is provisions for those to get better life, information presently can get by anyone in everywhere. The information can be a knowledge or any news even a problem. What people must be consider while those information which is within the former life are difficult to be find than now could be taking seriously which one is appropriate to believe or which one the actual resource are convinced. If you obtain the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen with you if you take The Turing Test: The Elusive Standard of Artificial Intelligence (Studies in Cognitive Systems) as the daily resource information.

Betty Casas:

Reading a guide tends to be new life style with this era globalization. With reading through you can get a lot of information that may give you benefit in your life. With book everyone in this world could share their idea. Guides can also inspire a lot of people. Many author can inspire their very own reader with their story as well as their experience. Not only the storyplot that share in the books. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors nowadays always try to improve their talent in writing, they also doing some analysis before they write to their book. One of them is this The Turing Test: The Elusive Standard of Artificial Intelligence (Studies in Cognitive Systems).

Blake Nixon:

Are you kind of stressful person, only have 10 or maybe 15 minute in your day to upgrading your mind skill or thinking skill actually analytical thinking? Then you are experiencing problem with the book in comparison with can satisfy your short space of time to read it because this all time you only find book that need more time to be examine. The Turing Test: The Elusive Standard of Artificial Intelligence (Studies in

Cognitive Systems) can be your answer mainly because it can be read by a person who have those short extra time problems.

Carmine Caulfield:

A lot of book has printed but it is unique. You can get it by online on social media. You can choose the very best book for you, science, witty, novel, or whatever by searching from it. It is referred to as of book The Turing Test: The Elusive Standard of Artificial Intelligence (Studies in Cognitive Systems). You can contribute your knowledge by it. Without leaving behind the printed book, it could possibly add your knowledge and make an individual happier to read. It is most significant that, you must aware about reserve. It can bring you from one destination for a other place.
